

# **Globex Industrial Group – Sustainability & Safety Report**

## ***Engineering a Safer, Greener Tomorrow***

Sustainability and safety are core to Globex's mission. We are committed to reducing environmental impact, ensuring workplace safety, and contributing positively to society. Our initiatives align with international standards and the UN Sustainable Development Goals.

### **Environmental Initiatives**

- 30% reduction in carbon emissions since 2020
- 100% renewable energy in European plants
- Circular economy program for material reuse
- Sustainable sourcing policies across all suppliers

### **Safety & People**

- Global workplace safety training programs
- Reduction of incident rate by 20% year-over-year
- Employee wellbeing and mental health initiatives
- Diversity and inclusion programs across all offices
